PAM Supplement Series Vol. 2

Between the Cataracts.

*Proceedings of the 11th International
Conference for Nubian Studies,
Warsaw University,
27 August-2 October 2006*

Published in two parts:

2.1. Main Papers – due out Jan.2008

2.2. Session Papers – due out Dec.2008

The book comprises 17 papers, written by leading scholars of Nubian Studies involved in the exploration of the most important sites excavated in Nubia in the past ten years or so. The substantive and chronological scope of the presentations ranges from prehistoric rock art to medieval wall paintings and from the Palaeolithic period to the times of the Funj Sultanate of Sinnar. Collected together, these papers constitute an insightful overview of the progress in current knowledge of the Ancient Nubian past. More than 60 papers presented during the sessions, as well as a record of two panel discussions on the languages of Nubia and the iconography of rulers and religious ceremony inside sacral buildings will be published in Part Two of the Proceedings.

Volume 2.1, if ordered by 31 March 2008,
is priced **80 EU** (after that the price per book is 100 EU)

Unless requested otherwise, all orders for the first volume of the proceedings will be automatically treated as a subscription for Part Two at the discount price. The second volume will be sent (with invoice) upon publication.
